

### Do it once... Do it right!

The CR 1200/1400 are complete floor cleaning solutions as they can sweep, scrub and dry in a single pass or be used for just sweeping or scrubbing depending on the application.

All models are available as diesel, petrol, LPG versions. CR 1200 is also available in battery versions - to meet the specific cleaning applications. The tank capacity is larger than with any other comparable machine, providing longer running time, higher productivity and lower cleaning costs.

Operator comfort is at an all-time high, thereby reducing fatigue and increasing safety and performance. Plus maintenance has never been easier thanks to the no tools service access points.

Please remember to order scrubbing brushes separately!

### PRODUCT FACTS

- Modular design offers a range of product variations to fit the customer application needs perfectly, and to meet different budget levels
- Longer running time between tank refills thanks to increased capacity provides better cleaning performance and higher productivity for lower overall costs
- The operator's seating position is ergonomically designed, offering a clear view of the working zone for greater safety and less fatigue
- No tools maintenance access points makes routine service and cleaning fast & easy
- All models are supplied without accessories, please order separately
